Other Police Business;

- One officer remains off-duty on a work related injury.
- Officers are investigating several strong armed robbery reports that have taken place near Sankey Avenue. Five were in Brentwood and three in the City of Pittsburgh. A firearm has been used in two of the incidents that took place in Brentwood. Officers have developed a lead in the investigation and we now have a suspect in the case.
- The 4th of July parade and celebration went very well. Officers made approximately five arrests during and after the event for public intoxication and disorderly conduct due to fighting incidents. I will be attending a 4th of July committee meeting on August the 12th at 7:30 pm with councilman Frombach to review the parade and fireworks details.
- I wanted to mention that during the wheel rally that recently took place at the Brentwood Fire Department, Officers conducted 5 bicycle inspections, 5 car seat inspections, and distributed 48 bicycle helmets to the 48 children that attended the event.
