### PUBLIC WORKS MONTHLY REPORT FOR MARCH 2015

There were 8 overtime call outs due to snow removal which includes plowing and or salting the roads. There were 219 man hours for the month. Following the snow events our crew salted and or shoveled the walkways and steps. We also spot salted in various roads due to a spring and removed a build-up of ice on Dalewood.

Maintenance to the trucks consisted of, cleaning the trucks and greasing them weekly, and also making repairs to the hydraulic lines for the plows and spreaders when needed.

10 tons of cold patch was used to patch potholes.

Library work consisted of: removing snow from the front roof to eliminate possible water leakage due to heavy snow and warming temperatures, the front sign was rewired due to a malfunction, and 8 feet of curb was repaired.

3 parking meters were replaced due to them being hit by unknown drivers.

Work in the park consisted of picking up litter, tree limbs, emptying the garbage cans, and snow removal when needed. Other work performed was to install the discus poles, measuring and painting the lines for the discus, javelin, and shot put for the school track team. The baseball and softball fields were groomed and the dugouts were cleaned for the start of the season. Worked was started on the dugouts with approximate 101 man hours in which block were laid. One dugout is complete of the block and about 70 % remains on the 1<sup>st</sup> base side. The steel beams were delivered and the roofs need to be installed on both.

Respectfully submitted,

Robert Mackewich
