PUBLIC WORKS MONTHLY REPORT FOR MAY 2015

The sweeper was used and we collected 40 yards of road debris, which equals two 29 yard dumpsters.

The new stage was put together and then installed at the park for the concert.

The pool work was completed which consisted of removing the old caulking, removing the bad concrete and replacing with new material, and spot painting the areas. The bath house was cleaned along with the concrete areas around the pool. The drain pipe and valve was replaced and the filter system was hooked up. The concession stands were set up for the season. There was excess dirt due to the construction of the stadium.

Brentwood Community Day clean-up was held and all three trucks were filled, along with the 30 yard wood waste roll off and dirt/concrete roll off. Goodwill picked up the electronic, but not the 30 some TV's.

Right of ways was cut along with 8 properties as requested by the code department.

Flags were hung for Memorial Day along with the Centennial banners.

Apartment 2's tub surround was replaced along with the "green board" and faucets.

13 tons of asphalt was used to patch various roadways.

Temporary fencing was installed by pool until Allegheny Fence was able to install a new one. The fields were cut and groomed, general clean up around the park each day, grass was cut, the high schools discus poles and nets were removed, crew members worked alongside Cousin's Electric to install power to the bottom of the stadium for concerts and other future events.

Respectfully submitted,
Robert Mackewich
