Driving Under the Influence Arrests-----	20

Other Police Business;

- The police department is actively working on an investigation with the U.S. Secret Service concerning false tax returns that were filed on several borough residents employed by UPMC. There have been over twenty reports filed so far concerning this matter.
- On Wednesday, April 17th, I went to Day Chevrolet in Murrysville and took possession of the new K-9 vehicle that was delivered to that location. I then got the vehicle to IBIS Tek who immediately began the installation and graphics detailing. The vehicle should be in service within the next week or so. A salesman from Day Chevrolet will provide us with a trade in estimate on the old K-9 for us to consider.
- Officer Josh Scott attended and completed a TASER instructor course on 03/25/14 through 03/26/14. He will begin re-certifying all officers as soon as the new TASER's arrive.
- Sergeant Adam Zeppuhar has been scheduled to attend a police officer's supervisor class from 04/21/14 through 04/25/14.
- On April 10th, Sergeant Matthew DeLallo, while on routine patrol discovered a large marijuana growing operation taking place in the

2800 block of Clermont Avenue. Arrests have been made from his investigation.

- Officers have issued over one hundred and twenty-five parking citations throughout the borough during the month of March.
- Attached to my report there are several new policies for the departmental Policy and Procedure Manual that I have prepared for council to approve. They have already been reviewed by our solicitor and Local Union No.205. Upon council's approval, they will be placed in the manual.
 - A. Bias Free Policing Policy
 - B. Child Abuse Policy
 - C. Off-Duty Firearms and Action Policy
